Carrington Elementary School
2012 National Blue Ribbon School

October 21, 2019

Dear Parent/Guardian,

The State of North Dakota has launched a new dashboard designed to help communities across the state access important information about K-12 districts and schools. The website insights.nd.gov features easy-to-read reports on multiple measures of school success, including:

- Test Scores
- Student Engagement
- English Learner Progress
- Graduation Rates
- State Accountability

The Carrington School District is committed to informing our parents about how well our schools are doing. North Dakota's future success depends on tapping into the potential of all students, so they graduate choice ready with the knowledge, skills, and disposition to be successful.

State education departments are required to annually create an accountability report for every public school in the state. To find out more information about the Carrington Elementary School or High School Accountability Report, visit the dashboard at insights.nd.gov, select "Find My School", and search alphabetically for our school.

Please note, the data made available to the public masks or hides data for groups with 10 or fewer students to protect confidential information about individual students. Therefore, if data is not available to less than 10 students, it will say "no data available".

We would like you and your child(ren) to continue to be active participants in our educational system. Please help support our high expectations for student achievement by participating in the school educational initiatives, offering input and support in our endeavors to raise student achievement, or volunteering at the school.

All North Dakota schools engage in continuous improvement for general support; therefore, our school has completed a continuous improvement plan through Cognia (formerly AdvancED). As part of the overall school improvement plan, a strategy map is generated for each school. The Carrington School District's strategy map, outlining our key school improvement initiatives, is available on the Insights Dashboard.

If you have any questions regarding the information within insights.nd.gov, please contact your building principal.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Duchscherer".

Brian Duchscherer
Superintendent
