

5th Grade Learning Opportunity Packet

March 23-27

Mr. Pazdernik mark.pazdernik@k12.nd.us

Mrs. Lura

traci.lura@k12.nd.us

Hello 5th graders! Mr. Pazdernik and Mrs. Lura have come up with some learning opportunities for you to work on while we are all home and can't come to school. We hope you are all doing and feeling well. Hopefully this is temporary and we will see you soon. We are still trying to figure out the best way for you to send us your work. We will let you know what we decide in the near future.

Some learning opportunities will be in this packet while others are online. We can't wait to see what your creative work looks like! Feel free to email us!

Math:

Any and all Saxon redoes should be completed.

IXL

- Q Ratios and Rates 1-5
- X Statistics 1-4
- EE Geometric Measurement 1-6; 12

Reading:

Epic (only available until 4:00 p.m. daily)

- Read a book of your choice in your AR level
- Choose and complete an activity either from the Fiction Reading Response Quilt or Non-Fiction Choice board. (The board you choose depends on if the story you read is fiction or non-fiction.)

Writing:

- Choose 3 or 4 fictional narratives to write from the choice board this week.

Social Studies:

Studies Weekly

- Read and complete questions and bonus sources for Weeks 1-15

IXL

- Social Studies G The American Revolution (if you want and have time)

Science:

IXL

- Science E Mixtures

Just for Fun

STEM Menu Challenge #1
